

MARCO FERNANELLI**Position**

Manager of Patent & Design Department.

Professional experience

He is specialized in mechanics, thermodynamics and automation. His main tasks are mainly focused on drafting and prosecuting Italian, European and international patent applications, performing patent searches and providing patent validity and freedom to operate opinions. He also assists clients in oppositions and appeals before the EPO and in patent lawsuits in Italian Courts. Besides dealing with general legal counsel with regards to IP-related matters, he has accrued a wide experience in Italian, European and International designs.

Education

Master's Degree in Mechanical Engineering, Università Politecnica delle Marche, Ancona.

Qualifications

Italian and European patent attorney, as well as qualified Representative before the Unified Patent Court. Professional Representative in patent and design matters before the World Intellectual Property Organization (WIPO) and in design matters before the European Union Intellectual Property Office (EUIPO).

Languages

Italian (native), English, French, Portuguese.
